M E D I T E R R A N E A

Un viaggio sensoriale nel cuore del Mediterraneo. La collezione MEDITERRANEA racconta l'estate attraverso trame leggere, colori vibranti e profumi evocati da tessuti che sembrano nati dal sole, dal sale e dalla brezza marina.

La Collezione Letto è un invito al relax e alla poesia. I disegni floreali, dalle tinte delicate e romantiche, ricordano un giardino segreto affacciato sul mare. Fiori mossi dal vento, acquarelli su tessuti morbidi e avvolgenti, in nuance fresche e naturali. A questa linea si affianca una novità assoluta: la Spugna Velour stampata in coordinato con le fantasie letto, per un total look raffinato anche in bagno.

La Collezione Ricamata si ispira alla tradizione tessile toscana: lenzuola e asciugamani impreziositi da motivi a punto spugna e delicati rami d'olivo, simboli di pace e bellezza autentica. I cuscini in lino con ricami marini – coralli, conchiglie, cavallucci – portano in casa i colori e le forme del fondale mediterraneo, tanto amati dalla nostra clientela affezionata.

Non mancano Cuscini Arredo in cotone tinto filo che arricchiscono la collezione letto: i motivi multiriga jacquard sono un classico dell'estate, perfetti per vestire salotti e terrazze con un'eleganza rilassata e senza tempo.

Protagonisti dell'estate anche i Copriletti in cotone jacquard: lavorazioni ricche, effetti stonewashed, una mano morbidissima che accarezza la pelle. Disponibili in una gamma di colori naturali e polverosi, perfetti per le serate estive.

La Collezione tavola è un'esplosione di vitalità e personalità. Le tovaglie in lino stampato spaziano dalle composizioni floreali romantiche e raffinate, ai motivi fruttati più scenografici e solari, come agrumi, melograni e frutti mediterranei, che raccontano con energia e colore la nostra terra. Accanto a questi disegni, trovano spazio anche i grandi classici della tradizione tessile, come i quadretti vichy, reinterpretati in chiave contemporanea grazie all'uso di palette di tendenza e abbinamenti cromatici inediti. Un tocco familiare e autentico che veste la tavola con naturale eleganza. A completare la proposta, una selezione di tessuti jacquard in puro cotone dalla lavorazione ricca e materica, pensati per una tavola estiva sofisticata e accogliente, in perfetto stile Mediterranea.

MEDITERRANEA è una collezione che accoglie, che abbraccia, che racconta la bellezza autentica delle nostre radici. Un'ode al vivere bene, tra casa, sole e natura.

A sensory journey into the heart of the Mediterranean. The MEDITERRANEA collection tells the story of summer through light weaves, vibrant colors, and fragrances evoked by fabrics that seem born of sun, salt, and sea breeze.

The Bedding Collection is an invitation to relaxation and poetry. Floral designs in delicate, romantic shades recall a secret garden overlooking the sea. Flowers swayed by the wind, watercolors on soft, enveloping fabrics, in fresh, natural hues. Alongside this line comes an absolute novelty: printed Velour Terry Towels coordinated with the bedding patterns, for a refined total look even in the bathroom.

The Embroidered Collection is inspired by Tuscan textile tradition: sheets and towels embellished with terry-stitch motifs and delicate olive branches, symbols of peace and authentic beauty. Linen cushions with marine embroidery – corals, shells, seahorses – bring into the home the colors and shapes of the Mediterranean seabed, so beloved by our loyal clientele.

Also included are Decorative Cushions in yarn-dyed cotton that enrich the bedding collection: multi-stripe jacquard patterns are a summer classic, perfect for dressing living rooms and terraces with relaxed, timeless elegance.

Jacquard Cotton Bedspreads also take center stage this summer: rich textures, stonewashed effects, an ultra-soft hand that caresses the skin. Available in a range of natural, powdery colors, perfect for summer evenings.

The Table Collection is an explosion of vitality and personality. Printed linen tablecloths range from romantic and refined floral compositions to more spectacular, sunlit fruit motifs – citrus, pomegranates, and Mediterranean fruits – that tell the story of our land with energy and color. Alongside these designs, the great classics of textile tradition also find their place, such as vichy checks, reinterpreted in a contemporary key thanks to trend-driven palettes and original color combinations. A familiar, authentic touch that dresses the table with natural elegance. Completing the range, a selection of pure cotton jacquard fabrics with rich, textured weaves, designed for a sophisticated and welcoming summer table, in perfect Mediterranean style.

MEDITERRANEA is a collection that welcomes, that embraces, that tells the authentic beauty of our roots. An ode to living well – between home, sun, and nature.
